DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 31-34 are rejected under 35 U.S.C. 102(b) as being anticipated by Anderson et al. (US Patent No. 5,829,351).

Anderson discloses a product labeling apparatus with a stationary core and a rotatable sleeve (24) with flexible bellows (38) carried thereon. The core includes a vacuum airway (18) and a pressure airway (32). (Figure 6; Col. 2, lines 2-38.)

Regarding claim 32, the vacuum port (18) in Anderson includes a slot (36) extending along its periphery and pressure tube includes a cross tube (34).

Regarding claim 33, the bellows includes an air diffuser in the form of a cup (42) which allows both the positive and negative air pressure to flow through.

Regarding claim 34, perforations on the tamping end of the bellows are shown in Figure

2.

Allowable Subject Matter

3. Claims 2-19, 25-27, and 30 are allowed.

Art Unit: 1734

4. The following is an examiner's statement of reasons for allowance:

The reasons for allowance for claims 2-19, 25-27, and 30 are detailed in the Office Action mailed 08 April 2003, Paper No. 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
